A modern, two-story wooden house built on stilts, illuminated from within at dusk. The house features a dark wood exterior with horizontal siding and a series of large, multi-paned windows that glow with warm interior light. The structure is elevated on thick wooden posts, and a wooden deck with a railing is visible on the lower level. The house is surrounded by dense green trees and foliage, with a dark, overcast sky in the background.

A modern black leather lounge chair and ottoman by Alexandre Larnac, set in a room with dramatic sunlight. The chair features a high, sculptural backrest and a wide, low-profile seat. The ottoman is rectangular with rounded corners. Both pieces are supported by a polished metal base with four splayed legs. The furniture is positioned on a dark wooden plank floor against a light-colored wall. Strong sunlight from a window on the left casts long, sharp shadows of the furniture and the window frame onto the wall and floor, creating a high-contrast, atmospheric scene.
